Broad Rock Water Is Cheapest

[Special to The Times-Dispatch.]
Fredericksburg. Va. August 27.—
When some army officers were here recently, they came across a pair of mules which they desired to purchase for the government. They were owned by a farmer of Spotsylvania County. The price of \$500 was asreed upon and the officers desired to take charge of the mules for the government. The owner, however, declined to part with them unless payment was made. He was informed by the officers that the sovernment never paid cash for anything, but that the bills would have to be submitted to certain departments and approved before check would be sent. This was not satisfactory to the owner of the mules. He was unwilling to trust fils mules even to the sovernment. He has great confidences however, in Captain M. B. Rowe, of this city, and he informed the officers that it they would get Captain Rowe to guarantee to him that payment would be made then he would let the mules go. Captain Rowe was sought. He was acquainted with the officers, and when informed of the BECAUSE IT IS BEST. It is Best Because it is Purest.
